### **Welcome to Bridgeway Academy**

Bridgeway Academy offers a high quality, developmentally appropriate program for students ages 6 weeks to Pre-K4. We adhere to guidelines set forth by the National Association for the Education of Young Students and the Alabama Department of Health. This commitment to quality ensures the needs of students are met by implementing policy and practice for the good of all students. Bridgeway Academy provides a warm and loving environment in which students can grow mentally, physically, socially, and spiritually. Within the program's daily schedule, each student has opportunities to create, to learn problem solving and personal interactive skills, to learn concepts through first-hand experiences and demonstrate leadership skills.

### **PHILOSOPHY STATEMENT**

We believe every student is a unique creation with special talents and capabilities, and as such, has immeasurable worth to him/her and society. Learning experiences will be provided in an atmosphere of love, acceptance, consistency, and fun that will help stimulate the student's natural curiosity and desire to learn.

### **VISION**

The vision of Bridgeway Academy is to provide a quality, semi-structured educational program with an emphasis on academic and social development through an age- appropriate integrated curriculum. It is our desire to develop skills and provide opportunities which will enrich each student's social, emotional, physical, cognitive, intellectual, and creative abilities.

### **MISSION STATEMENT**

The mission of Bridgeway Academy is to develop student leaders who are respectful, responsible, independent and life-long learners.

### **MOTTO**

Connecting Today's Lessons with Tomorrow's Leaders

## **STUDENT ARRIVAL AND DEPARTURE**

Arriving and leaving school are exciting times for students. Upon arrival, students will be anxious to see friends and share experiences of the previous evening. And, of course, nothing can compare with seeing that special person to pick them up at the end of class. These transition times deserve special attention.

### **Arrival**

For your child's safety and to adhere to Alabama Department of Human Resources policy, adults escorting students to school are required to accompany them to the room. **Students must arrive before 8:00 a.m. each day. (NO EXCPETIONS) Please be sure that your child is awake and walks into the school building each day. This makes for an easy transition.** The adult that escorts the student must check the student in by signing their full name on the daily sign-in sheet posted by the classroom door. NOTE: Teachers will greet each student and welcome each of them into the room. HOWEVER, teachers may or may not hold a conversation with the parent. It is the teachers' responsibility to watch each student for the purpose of safety. It is difficult to make eye contact with a parent at the door and remain focused on the students which are behind the teacher. Additionally, if students are arriving late, many times the teacher is involved in a lesson and it is distracting to students to stop and engaged in a conversation. Thanks for your understanding and cooperation in advance.

### **Departure**

For your child's protection, only those authorized by the parent/guardian are permitted to take a student from the school. Parents/guardians must list the names of anyone who might escort the student from school on the form in the Registration Packet. Escort permission is granted only to individuals whose names are on this list. Those designated for Pick Up MUST be at least 18 years of age. You can change the list by adding or deleting names, but you must make all changes by written note bearing your signature or by using your personal email account. Please inform staff if someone unfamiliar will be picking up your student even if they are listed on the registration packet. If the adult picking up the student is unfamiliar to staff, the adult is required to show his/her driver's license for identification. Whenever an adult takes a student from the school, he/she must sign the student out using his/her full name. This is an Alabama Department of Human Resources policy.

### **Student Release Policy**

No student will be allowed to leave school with an unauthorized person. If an individual picking up a student appears to be under the influence of drugs or alcohol, staff members will not release the student, and may have no recourse but to contact the police. Bridgeway Academy staff requests that parents not put staff members in a position where they must make this judgment call.

## **PROGRAM HIGHLIGHTS and INFORMATION**

### **Parent Involvement**

We have an open door policy which means you are welcome to visit the classroom anytime and are encouraged to do so. However, we understand that your availability depends on the demands of your job or profession. Your involvement in classroom activities is important for both you and your child because it strengthens the continuity between a student's experiences at home and in the classroom.

### **Staff/Parent Conferences/Parent Evaluations**

A parent/guardian may request a conference at any time. The director may request a conference with the parents and possibly the student (if appropriate) at any time. A conference will be held any time a student's placement in the program is in question. Parent Evaluations will be distributed each semester. They are intended to help us improve programs and school. Your input is welcomed and appreciated.

### **Field Trips**

The program may include visits to special places within and outside of Mobile County. Special precautions are taken to assure the safety of students on field trips. You will be notified in advance of planned field trips. One parent/guardian is required to attend with each student. Other family members are welcome to participate in field trips as their schedules permit. It is the responsibility of K2 and K3 parents/guardians to provide transportation to and from field trips. A school van will be provided for K4 students and parents will meet the group at the designated location. Students will be allowed to leave with the parent/guardian from the designated location, but must sign a release form prior to the departure.

NOTE: Field trips will take the place of classroom activities for that day. There will not be a teacher at school on field trip days. Parents will need to make arrangements for the student if she/he does not attend the field trip.

### **Cups, Blankets and Toys from Home**

In order to promote appropriate educational play habits at the school and provide a healthy environment toys, blankets and cups from home **will not be permitted**. The school provides toys that promote learning and teach essential skills. The staff provides cups to students. Please assist the staff by not allowing your student to bring these items into the building. We can't be responsible for lost or misplaced personal items.

### Staff/Parent Communication

- At the time of admission, we will obtain from the parent, information about the student to assist us in meeting his/her daily needs of the student.
- We will inform the parent of any important information regarding their student on the day of occurrence in the form of an “OOPS” report.
- Each student will have a take home folder sent home daily containing completed work and possible notes from the teacher or director. **Please check the folder daily**, take out anything from that school day and return the folder in the student’s book bag the following school day. This folder is your primary form of communication.
- A monthly calendar indicating activities and instructional goals will be sent home monthly and will be available on the Bridgeway Academy website.
- The lunch menu is available on the school website.
  - We do not heat outside food in the microwave.
  - Please be sure to circle **YES** if your child is buying lunch and **NO** if your child brought lunch.
  - Lunches **MUST** be paid in cash and given to assistant director. Do not pay for lunches online as the assistant director’s do not have access to online accounts.
  - **ALL** lunches brought from home must include a balance meal. A few snacks do not represent a balance meal. If this should occur, we are required by DHR to give the student a lunch and the child will be charged for one lunch on his/her lunch account.
- Special Snack date for your child will be written on the monthly behavior calendar.
- Remind Messaging System will be used to send out special reminders.
- Volunteer sign up sheet will be available on Meet the Teacher Night.

### Snack Time

“Special Snack” Day is an opportunity for your child to demonstrate leadership by helping to make a decision on the type of snack, assisting in organizing and packing the snacks and serving as the classroom leader to distribute the snacks to others. Your designated date for Special Snack indicating your child’s day to bring a “special” snack to share with the rest of the class will be written each month on the behavior calendar inside the Take Home Folder. We do promote healthy lifestyles and offer healthy snacks during the week. However, when we are celebrating your child’s birthday, having a class party or eating a “special snack” carrot sticks and grapes just aren’t the same. Feel free to bring whatever your child would prefer on those days.

NOTE: Please send cupcakes **ONLY** for your child’s birthday.

## **Classroom Management and Discipline Policies**

Bridgeway Academy uses a positive disciplinary approach with students. Students are informed of appropriate behavior and what is expected, redirected to more constructive activities, or allowed to spend some quiet time in an area designated in the classroom. Disciplinary problems will be addressed with the parents and documented in the student's file. Severe disciplinary problems may result in suspension (without tuition reimbursement) or expulsion (reimbursement for prepaid tuition only) from the program. We strive to promote self-control and appropriate social behavior in students. We use positive methods and guidance to encourage the development of these behaviors. Our goal is to teach students to respect themselves, others and their environment.

The need for disciplinary action seldom occurs in an environment where expectations are reasonable and students are focused on activities that they find challenging and enjoyable. However, occasional problems requiring the use of other guidance techniques do arise. In these instances, staff members will use the following techniques:

- **Redirecting the Student**
  - The teacher will verbalize with the student what he/she has done and how it affects the other students in the classroom.
- **Natural Consequences/Logical Consequences**
  - Understanding that inappropriate behaviors have consistent, logical consequences encourages the student to have appropriate behaviors. If the inappropriate behavior continues, the student may lose the privilege that is being abused. For example, if a student were using a toy to harm another student, then the student would forfeit the privilege of using that toy. If a student's behavior is unsafe on a field trip, then the student will not be allowed to participate on the next trip. Redirection is used if loss of privilege occurs.
- **Time Apart from the Group/Time for Self-Control**
  - If the above methods are not effective, it may be necessary to separate the student from the group. Removal from the situation is used when students engage in behavior that is harmful to self, others, or property. He/she may rejoin the group as soon as he/she is able to behave appropriately and gain self-control.

## POSITIVE DISCIPLINE INTERVENTIONS

### Star Behavior

STAR BEHAVIOR is a color coded behavior chart that the teacher uses daily. Each day students will start on GREEN (Ready to Learn). Students will move up or down the chart depending on their behavior. The color chart is listed below. Students will have many opportunities to show good behavior or “make up” for the rough moments he/she may have had during the day. Students who have been on pink all week will visit the TREASURE CHEST on Friday.

The color will be recorded each day on the behavior calendar inside of the student’s folder. Please check the folder nightly and initial so the teacher will know you received this communication. Please remind your child each morning to listen and follow directions and to strive to remain on green or pink. **If you have any questions, please feel free to send a note in your child’s daily folder and the teacher will call you at a time she isn’t with children.**

**Pink** = Outstanding

**Blue** = Good Day

**Green** = Ready to Learn

**Yellow** = Think About It/ Warning

**Orange** = Teacher Choice/Time Out

**Red** = Parent Note or Phone Call

#### Positive Rewards and Recognitions

- Verbal Praise
- Stickers
- Toy treat from the classroom treasure chest
- Extra recess time
- Extra center time
- Positive “Shout Out” on Social Media
- Other additional rewards

## **CURRICULUM and INSTRUCTION**

**Instruction begins promptly at 7:45 each morning.** Instruction is aligned with teaching the Alabama Standards for Pre-School. Students will experience high-quality instruction that is centered specifically on the needs of each student. Students will learn in a print- rich environment with a focus on reading and language development. Students will be provided opportunities to demonstrate student leadership through a variety of engaging learning tasks and activities.

The **curriculum** is structured around the following three priorities:

1. **POSITIVE SELF-ESTEEM** will be developed by:
  - Accepting the students for who they are regardless of physical appearance or intelligence.
  - Recognizing individual needs and differences.
  - Helping the student recognize and positively deal with emotions: happiness, sadness, fear and anger.
  - Giving praise to each student.
  - Helping the student to develop confidence in his/her creative abilities.
  - Developing problem solving abilities.
  
2. **SOCIAL DEVELOPMENT** will be achieved by:
  - Learning cooperation through the use of group materials; working and playing in group situations; and talking and listening in large and small group situations.
  - Learning consideration for others by discovering that words and actions of others affect their feelings and that likewise, their actions and words affect other students' feelings.
  - Learning the difference between ownership and sharing.
  - Accepting help from teachers and other students and learning when it is appropriate to offer help to others.
  
3. **ACADEMIC READINESS** will be acquired by teaching these skills:
  - Gross motor development (i.e. running, jumping, skipping, hopping, etc.)
  - Fine motor development (i.e. lacing, cutting, stringing, pasting, painting, tie, etc.)
  - Auditory perception (i.e. listening skills, stories, music rhythms, etc.)
  - Visual perception (i.e. matching, patterns, etc.)
  - Visual motor development (i.e. hand-eye coordination)
  - Language and Literacy (i.e. language development, oral expression, letter and sound recognition, vocabulary, writing, concepts of print, story elements, parts of a book, etc.)
  - Math (i.e. number recognition, counting, adding, subtracting, shapes, sizes, patterns, etc.)
  - Science (i.e. discovery, observation, classification, experimentation, etc.)
  - Social studies (i.e. self, family, community helpers, country, traditions, etc.)

### **Gross Motor Play**

Your child's experiences in the play room and outdoors at the school are an important part of the program and his/her development. These spaces combine opportunities for exploration, creativity and gross motor play.

Due to staffing demands, students are not allowed to stay inside the school room while the group is in another area. Students who come to the school will be expected to join the others in outdoor and other play. Students will go outside when the temperature and wind chill are above 32 F. In addition, students will go out when the temperature is below 90 F.

**NOTE: Please write your child's name on the inside of his/her coat , jacket or sweater.**

## **SAFETY**

No student is ever left alone or unsupervised. We ask that parents closely supervise their students in the building and on campus. It is recommended that as students exit from cars they are offered a hand to hold. When departing from the building, please resist having the students run to the car while the parent signs them out. When going to the classroom, families are asked to stay together. Parents are responsible for making sure the teacher is aware of their child's arrival before leaving the room.

### **Parking Lot Procedures**

For your child's safety, when you arrive to pick-up your child, please do not allow him/her to go outside until you are ready to depart. Bridgeway Academy staff and other parents arriving to pick-up their child are not expecting a student to be alone outside. Do not allow students to run through the parking lot. Keep your students with you at all times.

### **Building Doors**

All doors will remain locked at all times. The front doors will be unlocked from 7:00-7:30 and 2:00 – 2:15. All other times, parents will be buzzed in upon arrival. Doors will not be opened during nap time and the transition time after nap. This is to ensure students are not disrupted during this quiet time and that we ensure all children are accounted for during the transition of waking up, using the restroom and returning to classroom to gather things to go home. If you need to check your child out early please be sure to pick him/her up before 11:45 a.m.

### **Fire Safety**

A minimum of one Fire Drill is held per month. A record of the Fire Drills is kept on file in the office. A Fire Alert and Weather Emergency Plan, including evacuation routes, are posted in each classroom.

### **Severe Weather Safety**

A minimum of one Tornado Drill is held per quarter. A record of the Tornado Drills is kept on file in the office. A Tornado Alert and Weather Emergency Plan, including evacuation routes, are posted in each classroom.

### **Intruder Safety**

A minimum of one Intruder Drill is held per semester. A record of the Intruder Drills is kept on file in the office. An Intruder Plan is posted in each classroom.

## **STUDENT ABUSE and NEGLECT POLICY**

Bridgeway Academy is mandated by state law to report any suspected cases of student abuse or neglect to the appropriate authorities for investigation.

## **ACCIDENTS and INJURY POLICY**

In non-life threatening instances, the school staff will provide on-site first aid. If a student requires medical attention, the student's parent will be contacted, informed of the injury and asked to pick up the student.

If an accident or injury is life threatening or requires immediate medical attention, the local ambulance service will be called to transport the student to the preferred hospital emergency room indicated in the Enrollment Packet.

Parents/guardians will be notified of minor accidents in writing at the end of the day. With all head injuries and life threatening injuries, the parent/guardians will be notified immediately. The staff member who has observed the incident will fill out an accident report and a copy will be retained at the center and one given to the parents/guardians.

## **MEDICAL POLICIES**

We must require that all families follow the medical policies listed below. If ill students are brought to school, they may cause other students and our staff to become ill. Please be courteous in not expecting our staff to care for your student when he/she is ill. Students who appear ill with or without obvious symptoms should be kept home from the center. Examples include students who are unusually pale or flushed, acting irritable, unusually tired or lethargic.

**Blankets, pacifiers and outside food, drink/cups are not allowed. (Daycare students may bring cups and pacifiers but pacifiers must be kept in book bag until naptime.)** This policy is to protect other students from the possibility of placing another students' cup or pacifier in his/her mouth. It also protects the students with food allergies from eating the outside food to which he/she may be allergic to.

### **Sick Student Policy**

Parents/guardians will be notified if their student becomes ill at the school. Parents/guardians shall remove students from the school within 30 minutes after notification. **Students who have exhibited the signs of illness listed below should remain at home.** The following are indications of illness that will necessitate removal:

- Fever – Defined as students who develop a fever while at the school with a 100 degree F. Students with a fever will not be re-admitted to the center until their temperature has been normal for **24 hours**. **This policy will change during flu season to 48 hours fever free. If diagnosed with the flu, students may not return to school for 5 days from the date of the doctor's excuse.**
- Vomiting - Defined as one or more episodes. Student must be free from vomiting for **24 hours** before returning to the center.
- Diarrhea – Defined as three or more loose stools within one hour. Student must be free of diarrhea for **24 hours** before return. If the episodes develop an erratic, but recurring pattern, the student may attend the Preschool if a doctor's written statement is presented verifying that there is no infectious cause.
- Rashes—Rashes that are not identified or that have not been diagnosed as non-communicable by a physician will need to be seen by a doctor.
- Colds – Defined as severe colds with fever, sneezing and thick nose drainage.
- Head Lice – Please refer to Head Lice Policy

### **MEDICAL POLICIES- Continued**

A student who received an immunization may develop a fever, but not be contagious. If the pediatrician has indicated this situation on the return to school form and authorized the administration of Tylenol or Motrin, the student may remain at the school. Parents must show proof of doctor's visit if this is the case.

You will be notified when a communicable disease is introduced into the school. We ask in return that if your student is infected with a communicable disease, please notify the center as soon as possible in order to post the illness and keep other families informed. Please call the center and leave a message if your student will not be attending because of sickness.

### **Head Lice Policy**

Bridgeway Academy has a no nit policy. No exceptions will be made.

Head lice are difficult to prevent and control in settings where students and their personal items, such as coats and hats have such close contact. The ages of the students we care for make it necessary for the staff to have very close physical contact with the students. Our lice policies are in place to protect our staff as well as the students. Head checks will be done any time the staff feels necessary.

Any student found to have live lice or nits (eggs) must be removed from the center immediately. The staff member who detects the lice or nits will provide the parent or authorized person who picks up the student with proof of the lice or nits found.

Any time lice or nits are detected, the classroom will be thoroughly cleaned and toys that could harbor the lice will be sealed in plastic bags for at least two weeks. Other students in the classroom center will be checked for lice as well.

Students who have been found to have lice and/or nits must be treated and be nit free before they may return to school. Students sent home with any form of lice must stay out for 3 school days. This allows time for treatment to be completed and check thoroughly. **The returning student's parent/guardian must allow extra time upon arrival for the returning student to be checked by staff before the parent/guardian leaves the building,** if nits are found the student will not be allowed to stay. Staff will check students who have been affected periodically for two (2) weeks to help prevent reoccurrence. If you have any questions or concerns with any of the before mentioned policies please speak with the Director or Staff.

## Biting Policy

Biting is a natural developmental stage that many children go through. It is usually a temporary condition that is most common between thirteen and twenty-four months of age. The safety of the children is our primary concern. The center's biting policy addresses the actions the staff will take if a biting incident occurs.

Toddlers bite other toddlers for many different reasons. A child might be teething or overly tired and frustrated. He or she might be experimenting or trying to get the attention of the teacher or his peers. Toddlers have poor verbal skills and are impulsive without a lot of self-control. Sometimes biting occurs for no apparent reason. The staff at Bridgeway Academy will encourage the children to "use their words" if they become angry or frustrated. The staff members will maintain a close and constant supervision of the children at all times.

### **The following steps will be taken if a biting incident occurs at our center:**

- \* The biting will be interrupted with a firm "No...we don't bite people!"
- \* Staff will stay calm and will not overreact.
- \* The bitten child will be comforted.
- \* Staff will remove the biter from the situation.
- \* The wound of the bitten child shall be assessed and cleansed with soap/water and ice applied.
- \* The parents of both children will be notified of the biting incident.  
Appropriate forms will be filled out (Incident Report). Note: If a bite requires medical treatment, a copy of the incident report must be mailed to the Department of Human Services.
- \* Confidentiality of all children involved will be maintained.
- \* The bitten area should continue to be observed by parents and staff for signs of infection.

### **If biting continues:**

- \* Classroom staff will meet with the director on a routine basis for advise, support and strategy planning.
- \* Chart every occurrence, and indicate location, time, participants, behaviors and staff present.
- \* Be mindful of children who indicate a tendency to bite: Head off biting situations before they occur.
- \* Teach non-biting responses to situations and reinforce appropriate behavior.
- \* Be mindful of children who have a tendency to be bitten: Head off biting situations.
- \* Teach responses to potential biting situations: "No" or "Don't hurt me!"
- \* Work together as partners with the parents of both biting children and victims to keep all informed and develop a joint strategy for change.
- \* Hold a conference with the parents of the biting child to develop a plan of action.
- \* Schedule follow-up meetings or telephone conversations as needed.
- \* Consider early transition of a child "stuck" in a biting behavior pattern for a change of environment, if developmentally appropriate.
- \* If an occurrence happens more than 1 time in one day the parent/guardian will be called to pick up the biting child. The child may return the following class day.
- \* If it is deemed in the best interest of the child, the center, and the other children, the child may be suspended or withdrawn from school for the duration of the biting stage. Verbal and Written warning will be given to the parents.
